

Urban gardening and food safety

- "Green cities" are a positive future option
- Vegetables and fruits count as good diet
- More and more people grow their own – also in Copenhagen
- All of Copenhagen is contaminated land (worst is lead)
- Research question: are vegetables and fruits grown downtown Copenhagen safe?
- How can risks be minimized?

Project type

Topic is suitable for MSc and BSc projects

Pre-requisite

12330 Contaminated sites, supplementary 12331 Field investigations

Group size

1-2 students

Department of supervisors

Main supervisor: DTU Environment

Co-supervisor: DTU Environment

Contact person

Professor Stefan Trapp, DTU Environment (sttr@env.dtu.dk) or

Associate professor Mette M. Broholm, DTU Environment (mubr@env.dtu.dk)
